

AEROTECH HERMAN NELSON
ARCTIC TOASTER

*High Limit Heat Sensor and Carrying Case
Model LT2-12MH-300C*

Made in Canada

Originally developed for Alaskan Bush Pilots, RED DRAGON® Engine Preheaters have been favored by pilots for over 30 years. Not just for aircraft, but for any engine subjected to low temperatures – perfect for construction, farm and oil field equipment. All preheaters are safe, easy to use and burn clean efficient propane. Available in 12 volt D.C. or 115 volt A.C. models, Red Dragon Preheaters are the best around. Each Preheater is tested before leaving our factory.
