- Standard Wheels for easy mobility
- Easy Ball Valve Changeover from Propane to Natural Gas
- Stainless Steel Burner for Higher Efficiency & Durability

SPECIFICATIONS

Capacity	400,000 BTU/hr
Fuel Type	LP/NG
Electrical Requirements	120V/15 AMP
Air Flow	2,500 CFM
Motor	1/2Hp
Shipping Dimensions	51"L x 31"W x 33"H
Shipping Weight	195 lbs.
Approval	ETL

DF1500 - FEATURES

- Lowest Emissions in the Industry
- ETL 2009 International Approved
- Powder Coated
- Thermostatically Controlled
- Low Pressure Regulator on Manifold
- Standard Wheels for easy mobility
- Easy Ball Valve Changeover from Propane to Natural Gas
- Stainless Steel Burner for Higher Efficiency & Durability

DF1500 - SPECIFICATIONS

Capacity	1,500,000 BTU/hr
Fuel Type	LP/NG
Electrical Requirements	120V/15 AMP
Air Flow	7,700 CFM
Motor	1Hp
Shipping Dimensions	75"L x 40"W x 53"H
Shipping Weight	360 lbs.
Approval	ETL
